

State office  
for immigration

## Inquiry to departments B 1 / B 2 / B 3 (skilled workers, training and further education, school visits, studies, science)

Thank you for your message. This will be processed as quickly as possible. Please refrain from making any inquiries in the meantime.

**We recommend that you save this page as proof and perhaps even print it out. To do this, use the “Print summary” button below.**

### **Please note:**

- If you have applied in your email to extend the validity of your temporary residence permit (residence permit, EU Blue Card or D visa for a longer-term stay), your stay in the federal territory (including the additional provisions of your current residence permit) is hereby valid until the interview in the LEA as legal.  
This means that you can continue to work or study to the same extent as before.
- Traveling abroad is only possible within the validity of the residence permit you were last granted.
- Note for citizens of Andorra, Australia, Brazil, El Salvador, Honduras, Israel, Japan, Canada, Republic of Korea, Monaco, New Zealand, San Marino, United Kingdom of Great Britain and Northern Ireland and United States of America:  
You entered the country less than 91 days ago and have you applied for a residence permit for the first time using your email? Your stay in Germany is then considered permitted until a decision on your application is made. For example, you can start studying or attend a language course. Unfortunately, taking up employment is not yet permitted.
- A Schengen visa (Type C) always ends when the validity date expires. Booking an appointment or submitting an application to the State Immigration Office does not extend the permitted stay with a Schengen visa.
